ITEM SEVEN OF THE AGENDA

Approval of the Share Award Plan.

PROPOSED RESOLUTION:

1.- Long-term Share-based Incentive Plan:

To approve, for the purposes of the provisions of article 219 of the Companies Act and other applicable legislation, a Long-Term Share-Based Incentive Plan (hereinafter, the "Plan") aimed at the CEO, Management Committee, certain executives and key personnel (hereinafter "the Beneficiaries") of NH Hotel Group, S.A. (hereinafter "NH" or the "Company").

The Plan is approved pursuant to the following basic characteristics, which will be developed in the Long-Term Incentive Regulations 2017-2019 and subsequent cycles (hereinafter the "Regulations") to be approved by the Board of Directors:

(a) Description:

The Plan is implemented through the award to each Beneficiary of a certain number of Performance Shares (hereinafter the "Performance Shares") which will serve as the basis to determine, according to the degree of attainment of certain objectives (hereinafter the "Degree of Attainment" and "Objectives") and, if the requisites established in the Plan are met, the number of NH shares to be awarded to each Beneficiary at the end of each of the Plan cycles.

Until the shares in the Company are awarded, the Plan does not confer upon Beneficiaries the status of shareholders of the Company. The Performance Shares do not under any circumstances entail the granting of economic or voting rights on the Company's shares or any other right associated to the status of shareholder. Beneficiaries will become shareholders of the Company only on settlement of the Plan and delivery, as the case may be, of the corresponding shares.

The specific number of NH shares to be delivered to each Beneficiary of the Plan at the end of it, if the established conditions have been met, will be subject to and determined by the Degree of Attainment of the following Objectives:

- Total Shareholder Return (hereinafter TSR), measured:
 - Relatively at the end of each of the Plan cycles, compared to the companies that make up the Dow Jones EUROPE STOXX Travel & Leisure index.
 - Absolutely, considered to be the revaluation of the share plus the dividends received measured at the end of each of the three cycles.
- Recurring EBITDA after discounting rental, compared each year with the forecasts of the Company's Strategic Plan.
- Net Income. The result obtained by NH after deducting all expenses (including depreciation and amortization and taxes) from the total revenue, compared each year to the forecasts of the Company's Strategic Plan.

If the minimum performance levels are not reached in relation to these objectives, the Plan Beneficiaries will not be entitled to receive shares under the Plan.

(b) Beneficiaries:

The members of the Management Committee and the rest of the NH management team expressly invited by the Board of Directors of NH, at the proposal of the Nominations, Remuneration and Corporate Governance Committee (hereinafter "NRCGC"), as well as the members of the Board of Directors who have executive functions, will be considered to be Beneficiaries of the Plan.

Invitation to participate in the Plan will be through the corresponding letter of invitation (hereinafter "Letter of Invitation") send by the Company.

The estimated number of Beneficiaries of the Plan totals 100 people, notwithstanding possible new Beneficiaries who join the Plan.

In this regard, the Board of Directors of the Company, at the proposal of the RCGA, may agree to allow new Beneficiaries not initially envisaged to join the Plan, to the extent that they are executives or key employees for the future of NH and there is an actual interest in guaranteeing their ties to the Company.

(c) Term:

The Plan will be for a total term of five years and will be divided into three cycles (hereinafter "the Cycles") of three years each (i.e. handing over the corresponding shares in each Cycle three years after it started) which are independent of each other. The measurement period of the first Cycle will start on 1 January 2017 (hereinafter the "Start Date of the First Measurement Period") and will end on 31 December 2019 (hereinafter the "End Date of the First Measurement Period"), notwithstanding the actual settlement of the Plan, which will take place when the corresponding shares are handed over during the first quarter of 2020

(hereinafter Settlement Date of the First Cycle).

This arrangement will be repeated during each of the three Plan Cycles.

Notwithstanding the above, the Plan will start formally with the approval, as the case may be, of the Plan by the General Shareholders' Meeting, i.e. on 29 June 2017 (hereinafter "Plan Approval Date").

In the case of Beneficiaries who join the Plan after the above-mentioned date, the Letter of Invitation may establish another start date after 1 January 2017.

Notwithstanding the above, the Company's Board of Directors has the power to decide, before the start of each of the Cycles, on their effective implementation according to the Company's economic situation at that time.

(d) Maximum number of NH shares included in the Plan:

The maximum number of NH shares that can be awarded to Beneficiaries under the Plan at the end of each of the Cycles will be the result of dividing the maximum amount assigned to that Cycle by the average listed price of the NH shares on the thirty (30) stock exchange trading days prior to the date of award for the Cycle in question (hereinafter, "Reference Value").

The total maximum amount assigned to the Plan in each of the Cycles in the event of maximum compliance with the established Objectives is set at the sum of 5,400,000 euros for each of the three Cycles.

In any case, the total number of shares to be awarded under the Plan to the group of Beneficiaries (including the CEO) at the end of each Cycle may never exceed the number of shares resulting from dividing the maximum amount assigned to each Cycle of the Plan by the Reference Value established for that Cycle.

The Beneficiaries of the Plan include the present CEO of NH who, if the requisites and conditions established in the Plan are met to the highest degree, would be entitled to receive, at the end of the first Cycle, the number of shares resulting from dividing the amount of 450,000 euros by the Reference Value for that Cycle (which represents the maximum possible number of shares to be received in the event of maximum attainment of the Objectives, excluding rent).

For each of the remaining Cycles, the Board of Directors will determine, with a prior report from the NRCGC, the maximum amounts that will be used as the basis for establishing, based on the corresponding Reference Value, the maximum number of shares that can be awarded to the CEO, and this maximum amount may not under any circumstances exceed for the combined three (3)

Cycles of the Plan the sum of 1,400,000.00 euros (applicable to maximum attainment of the Objectives).

The number of shares actually awarded to the CEO under this Plan at the end of each Cycle, and the number of shares actually awarded to senior management personnel and other executive personnel will be reported in accordance with the requirements of ruling legal provisions.

(e) Requisites for the award of shares:

Beneficiaries must remain with the Company or its group of companies until the Settlement Date of each Plan Cycle, except in special circumstances exceptions such as death, permanent disability or retirement, and reach the minimum thresholds of compliance with the Objectives.

(f) Delivery of shares and rules on disposal:

Any shares deriving from the settlement of the Plan will be delivered to the Beneficiary by book entry, or other applicable stock exchange procedure, in the corresponding securities account.

The shares received under this Plan will be fully paid up, admitted for trading, free from any encumbrance and the holders thereof, in general, will not be subject to limitations or restrictions that are not applicable on a general basis to the Company's shareholders, by virtue of the provisions of contracts, the Articles of Association or law.

The above will not apply to the Company's CEO and to the Management Committee, which will be subject to the limitation that includes the obligation to keep the shares received (net of the corresponding interim payment on account of Personal Income Tax) for a term of one year after they are awarded. At the end of this period, the shares may be freely disposed of.

(g) Clawback clauses:

If certain circumstances arise that bring to light, even after the fact, non-compliance with the Objectives, the Board may, at the proposal of the NRCGC, claim back all or part of the Incentive paid. These clauses will apply to all Beneficiaries and will have a term of application of two years as of the End Date of the Measurement Period for each Cycle. Specifically, among other circumstances, Beneficiaries may be required to return the Incentive received in the following cases:

- Reformulation of the Company's financial statements that is not due to an amendment of the applicable accounting standards or interpretations.
- Sanctions are imposed on the Beneficiary due to serious breach of the code of conduct and other applicable internal regulations.
- When the settlement and payment of the Incentive was carried out totally or partially based on information which was subsequently shown to be clearly false or seriously inaccurate.

(h) Cover:

The Company may apply the shares that make up now or may make up in the future its portfolio of own shares in order to cover the Plan, or have recourse to another suitable financial instrument determined by the Company.

(i) Minimum Investment Maintenance Programme:

In addition, the present CEO will retain ownership of the number of shares in the Company resulting from having invested an amount equivalent to his gross annual remuneration in the purchase of such shares. For these purposes, if the shares come from this Long-Term Incentive, the value of the share will be taken into account according to the price at which they were awarded or, in the case of shares acquired previously, according to the weighted average listed price of the share on the day this resolution is approved.

The above-mentioned investment level must have been reached by the end of five years after the date of approval of this resolution.

(j) Authorizations:

To empower the Company's Board of Directors, in the widest terms, the Board of Directors being entitled to delegate these faculties to the NRCGC, the CEO or any other person that the Board of Directors expressly empowered for this purpose, to implement, when and as considered advisable, develop, formalize and execute the Plan, adopting as many resolutions and signing as many public or private documents as may be necessary or advisable for the fullest effects, including the faculty to remedy, rectify, modify or supplement this resolution and, in general, to pass as many resolutions and carry out as many acts as may be necessary or merely advisable for the successful implementation of the Plan, including, but not limited to, the following faculties:

(i) And, in general, to carry out as many actions, make as many decisions and formalize as many documents as may be necessary or merely advisable for the validity, enforceability, implementation, development, execution, settlement and success of the Plan and of the resolutions passed above.
